

The Cub Scout Academics and Sports Program: Introduction

The Cub Scout Academics and Sports program is a supplemental enrichment program that complements the existing Cub Scout program. The Academics subjects and Sports activities allow boys to learn new techniques, increase scholarship skills, develop sportsmanship—and have fun. Boys participating in the program will be recognized for enjoying teamwork, developing physical fitness, and discovering and building new talents. The Academics and Sports program encourages a boy to **do his best**.

Concepts and Guidelines

The Cub Scout Academics and Sports program is based on the following concepts and guidelines:

- The program supplements the existing advancement and recognition program for Tiger Cubs, Cub Scouts, and Webelos Scouts; it does not replace it. The program is one element of Cub Scouting, as are den and pack meetings, day camp, and other activities.
- All registered Tiger Cubs, Cub Scouts, and Webelos Scouts have an opportunity to participate in the Academics and Sports program.
- Participation may take place at home, with the family, or within a den, a pack, or the community.
- Adult participation by a parent or adult relative, if possible, is strongly recommended for Cub Scouts and Webelos Scouts and is required for Tiger Cubs.
- Emphasis is placed on introducing a boy to a sport or academic subject, allowing him to participate in it and encouraging him to do his best. The Academics and Sports program focuses on learning and skill development, not winning.

- The primary focus of the program is on scholarship and sportsmanship (see the Welcome page).
- Each Tiger Cub, Cub Scout, and Webelos Scout will be presented with the appropriate recognition item for completing the requirements, whether he does so as an individual Scout, with his family, with his den or pack, or in his school or community.
- The Academics portion of the program covers a variety of subjects, including art, chess, citizenship, communicating, computers, geography, heritages, mathematics, music, science, weather, and wildlife conservation.
- The Sports portion of the program includes summer and winter sports, indoor and outdoor sports, active and less-active sports, and team and individual sports.
- Cub Scouts who have disabilities may select their own activities and design their own fitness or academic program with the help of a physician, teacher, or parent.
